El Prado, N.M. 87529

## 2012 Amendments

April 22, 2013

## Delinquent Dues
## (approved at Aug. 5, 2012 meeting)

The Association will initiate the enforcement process defined in the REACH User Code for members who are not current with their dues payments for two consecutive years. Following this process, the member will be given one additional year to become current with their dues payments including the third year. If at the end of that time period the member is not current with their dues, their membership status will be terminated and the member will no longer have the right to occupy their dwelling space. The Association will then accept a new member who is willing to pay the past member's outstanding dues balance plus any expenses incurred by the Association for the membership transfer.

## Membership Fees
## (approved at Dec. 2, 2012 meeting)

After assessment by the board of directors, yearly membership fees will be due before the two property tax deadlines each year. Half of the assessed amount (or the entire amount) will be due Nov. 1 of each year. The second half of the assessed amount is due April 1 of each given year. Quarterly or monthly payments are welcome as long as these payments add up to the first half payment by Nov. 1 and the entire amount by April 1 of each given year. Membership fees are to be sent to the REACH Association mail box or given in person to the current treasurer.
